

## News from the Fishbon Library

December/November 2019

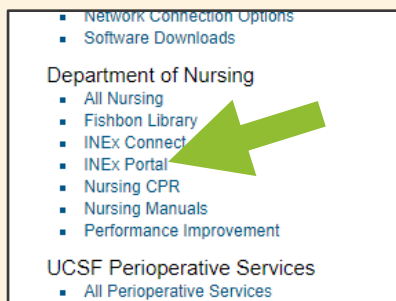

Updates for UCSF clinical nursing staff on library classes and services, tips on research for nursing practice and resources for patients & families

### Have a Question for the Library? Use the INEx Portal

With the launch of the [INEx Portal](#), clinical staff now have one easy place to request:

- A literature search or consultation
- Copies of articles
- Database coaching
- Help with EBP or QI projects
- Help with Endnote, RefWorks, APA style

You can access the INEx Portal from Carelinks, under the Department of Nursing:

Just answer a few questions, submit, and you'll get a prompt response from library staff.

You can also use the INEx Portal to submit an education or training request, ask for a research or quality improvement consultation, or submit a revision to an existing nursing policy/procedure.

For assistance, email [fishbon@ucsf.edu](mailto:fishbon@ucsf.edu), contact a librarian or use the [INEx Portal](#):
